November 9, 2021: Public Hearing #3
Redistricting Guidelines

- The guidelines approved on August 12, 2021 by the City Council are not unique to Huntsville.
- They are rational municipal policies that have been recognized by the State and Federal courts and are based on case law.
Redistricting Guidelines –
Rational Municipal Policies Recognized by State and Federal Courts

✓ The City of Huntsville shall be drawn into five (5) single member districts.

✓ All districts will have as close to equal population as possible (within +/- 5% deviation)

✓ All districts will be contiguous

✓ All districts will be compact as reasonably possible
Redistricting Guidelines –
Rational Municipal Policies Recognized by State and Federal Courts

✓ Minimize division of neighborhoods and communities of interest when possible

✓ Proposed plans should respect the cores of existing districts

✓ Districts boundaries should ideally follow census block/block group geography or natural features
Redistricting Guidelines –
Rational Municipal Policies Recognized by State and Federal Courts

✓ Criteria based on race will be considered only to the extent required to comply with the Voting Rights Act
